

Steps to Follow:

Please follow this simple step-by-step guide to create and publish your case study.

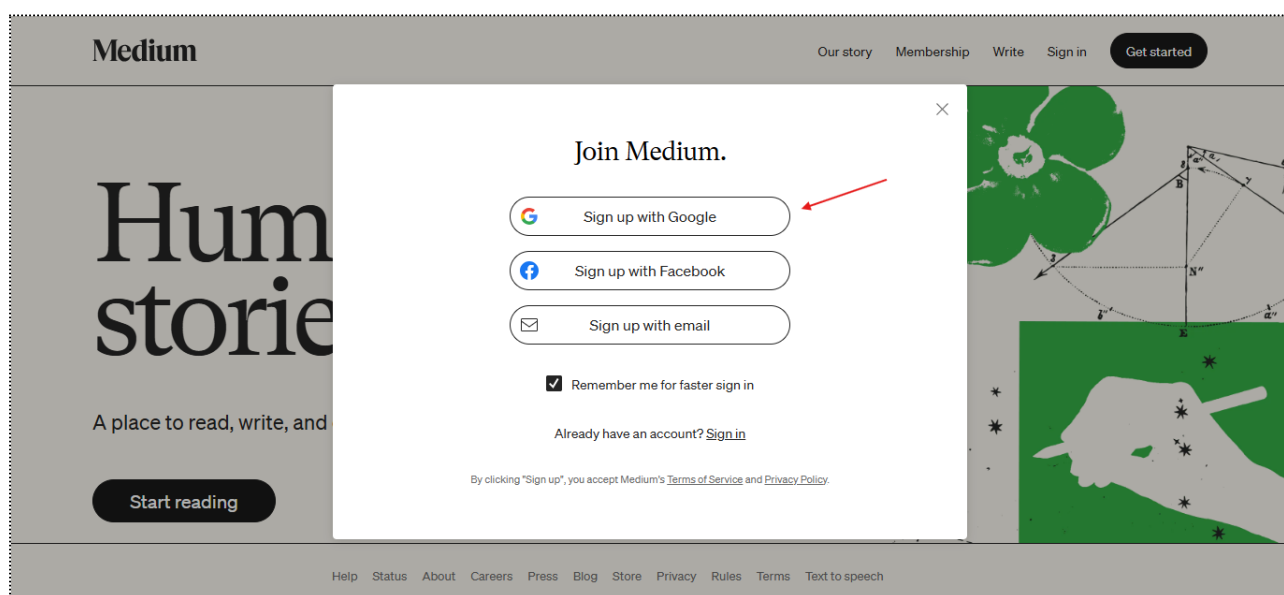

👉 Step 1: Open Medium

Open this website: (<https://medium.com/>)

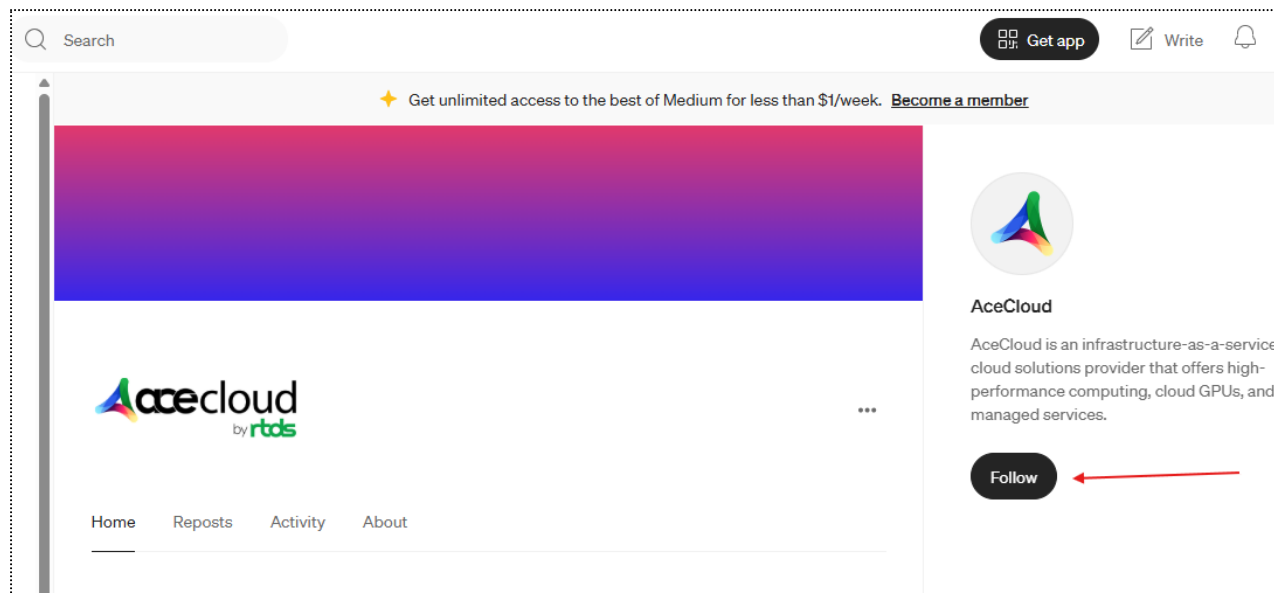

👉 Step 2: Create Your Account

Click **Sign Up** and create your Medium account.

👉 Step 3: Follow AceCloud

Open the [AceCloud Medium profile](#) and click **Follow** to receive future updates.

👉 Step 4: Create and Publish Your Case Study

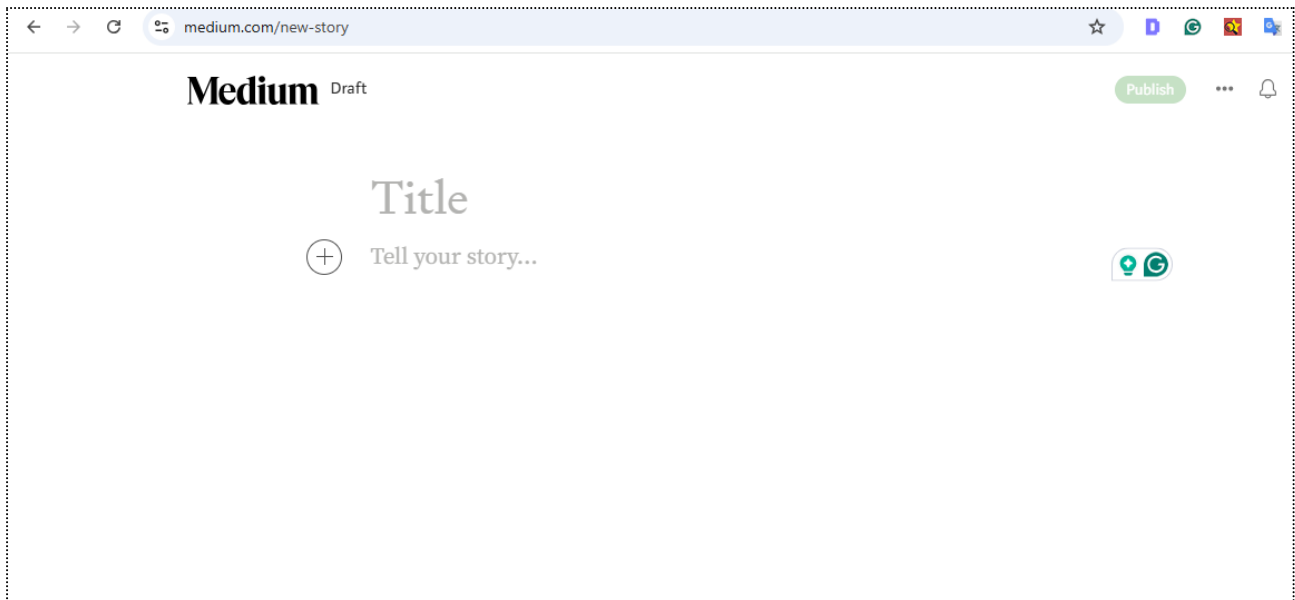

Click **Write**, add your case study content, upload the required image, review the details, and click **Publish**.

Do

- Lead with the experience or decision, not the AceCloud brand.
- Share a real problem, approach, result, lesson, or trade-off that gives readers useful insight.
- Use specific examples, numbers, technical details, or outcomes where they genuinely support the story.
- Keep AceCloud mentions factual, relevant, and proportional to the overall article.
- Use relevant tags and a clear, non-clickbait title.

Don't

- Don't make AceCloud the promotional focus of the story.
- Don't add repeated AceCloud mentions, promotional CTAs, or forced keyword anchors.
- Don't publish generic content with AceCloud inserted only to create brand exposure.
- Don't publish thin, derivative, AI-generated, or substantially reused content.

👉 Step 5: Copy and Submit the Link

🎉 Done! Open your published case study, copy its URL, and submit it to us at (reviews@acecloud.ai).
